### Empowering Napa's Next Generation of Leaders

10,000 Degrees is unlocking student success at scale by giving more students from low-income backgrounds equitable opportunities for a quality college education and career success.

As a world-renowned wine region and luxury destination, Napa County's economy is powered by a multigenerational immigrant workforce. Families have overcome unimaginable hardships to build opportunity for their children through education—yet students from low-income and historically marginalized backgrounds face barriers to college readiness and affordability that make higher education seem impossible. **Together, we can change that.**

Through scholarships, college advising, financial aid support, and near-peer mentoring, we help students in Napa County overcome barriers and achieve their educational goals.

### Proven Results

With your support, 10,000 Degrees students continue to defy all odds!

- **80% graduate**—double the national average
- **2x transfer rate:** Community college students transfer & graduate at twice the national rate
- **90% of our students graduate debt-free** compared to 31% nationally

### Invest in Napa's Future Workforce

Today's students are tomorrow's educators, healthcare professionals, business leaders, and innovators strengthening Napa County. Your sponsorship helps expand opportunities for local students while connecting you with 10,000 Degrees' community of Napa's philanthropic and leaders.

### Our Impact in Napa County

- Awarded more than \$1 Million in scholarships to Napa County students since 2018
- Invested in 415+ Napa County students
